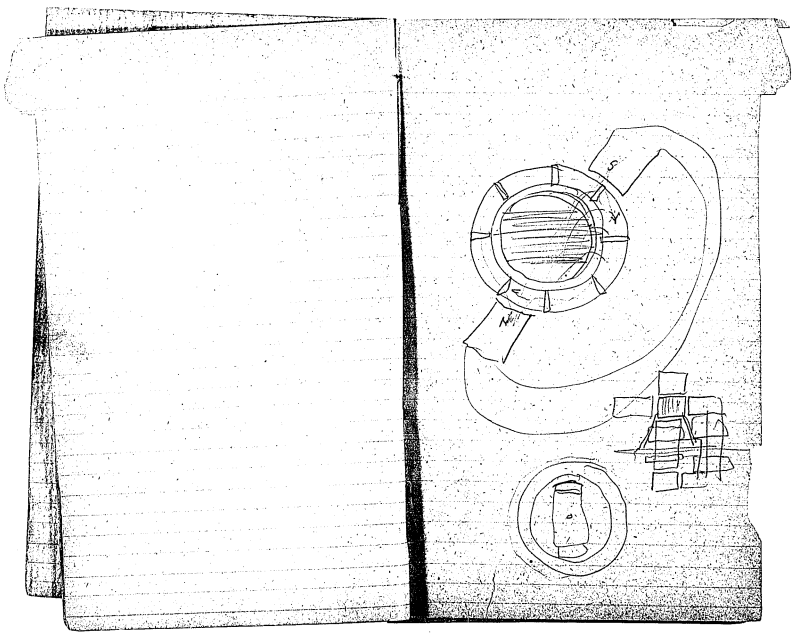
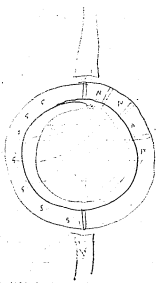
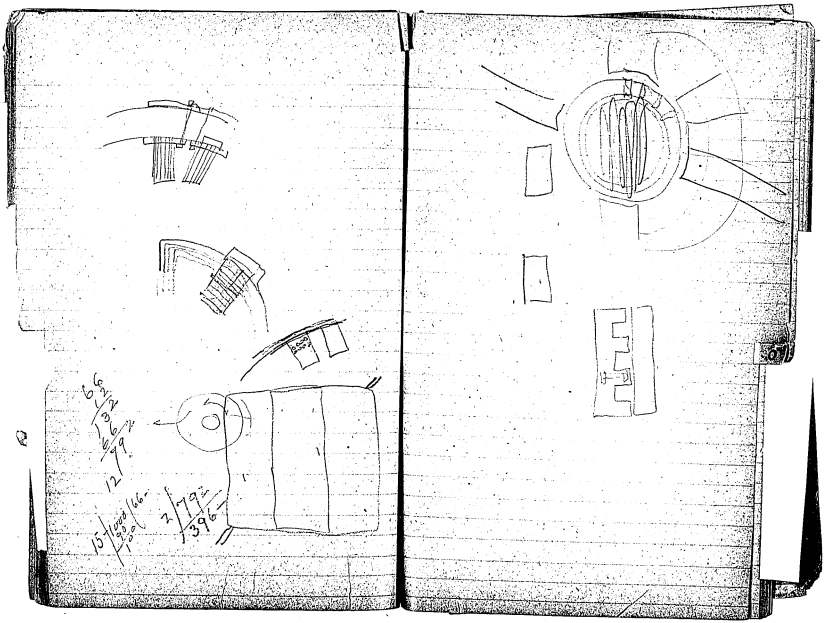
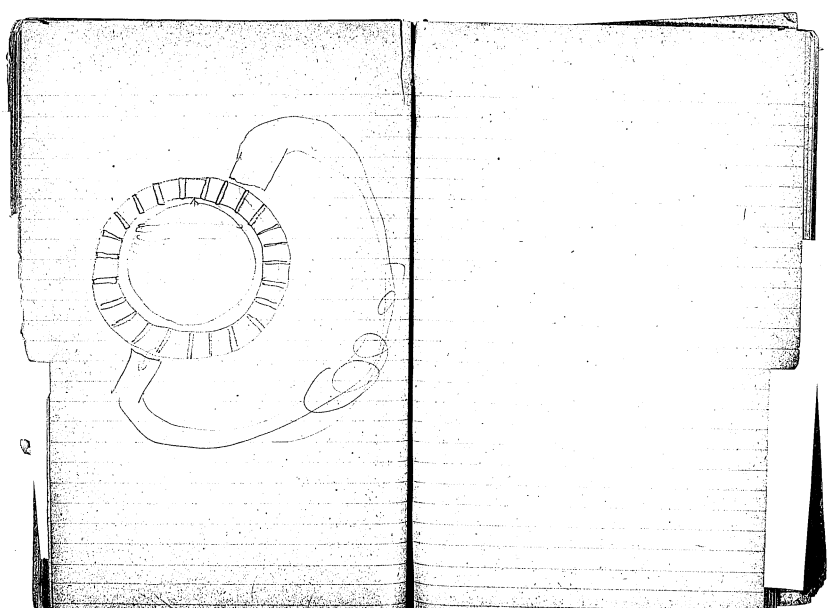
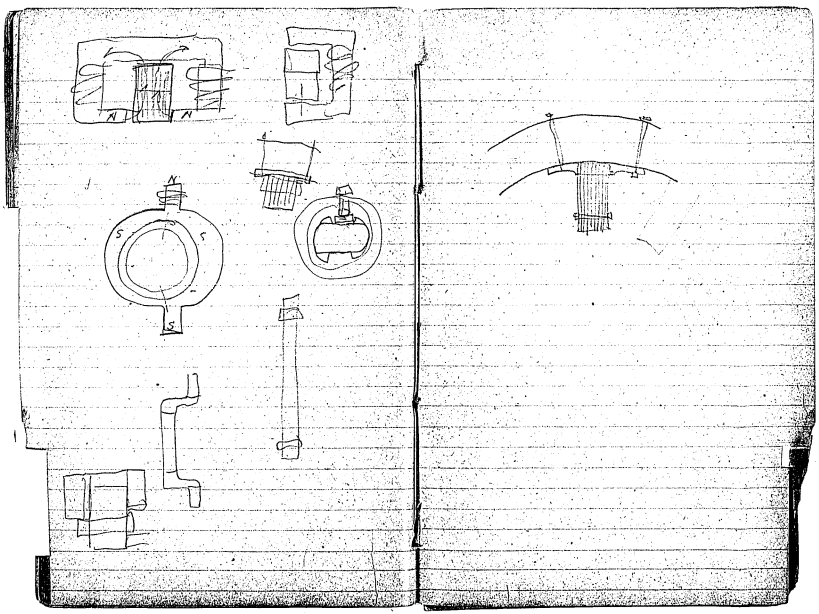
Notebook, N-02-08-00










The only dated entry in this notebook is from August 1902. At the beginning of the book is an incomplete inventory by Ludwig F. Ott of chemicals in the stock room at the West Orange laboratory [not selected]. Scattered among the blank pages in the remainder of the book are drawings by Edison regarding an unidentified electrical or electromagnetic technology. The pages are unnumbered. Approximately 20 pages have been used.
